

This price list includes a major new addition. Now all PC-manufacturers are offered the possibility to pre-configure all new computers in the production with Wellton Way MultiMedia Center (MMC) at no additional cost, and to receive financial kick-backs.

The end-customer can use MMC free of charge during 3 months. During the free trial period all end-customers wanting to keep MMC can either buy the MMC-license for permanent use, or rent it on a monthly basis. When the end-customer purchases or rents MMC the Wellton Way partners receives financial kick-backs.

Wellton Way offer this additional opportunity to spread the awareness of MMC, and to enable swift replacement from all conventional home electronics in the living room to a modern living room computer with a user interface that all people in the family can manage to use.

Today there are still very few living rooms equipped with a computer, which means that this new potential market is enormous, in the world there are about 1200 million living rooms. A computer with Wellton Way MMC provides lots of new exciting functions features in an all-in-one solution.

When you start pre-configuring all computers, or as many as possible, with MMC this means that you can considerably increase your market at the same time as you can increase your net profitability via kickbacks.

PRODUCT	ART.NO	PRICE EURO
